SUMMARY

Experienced Software Developer with 6.5 years of project delivery in cross-functional teams. Proficient in React, Typescript, JavaScript, CSS frameworks, Java, Spring Boot and MongoDB. Skilled in developing efficient and scalable software solutions. Strong analytical and problem-solving abilities. Consistently meeting deadlines and exceeding client expectations. Committed to continuous learning and staying up-to-date with emerging technologies.

EDUCATION

B.Tech, Electronics and Communication Engineering, BPUT   2013 - 2017

Intermediate, Science, CBSE   2011 - 2013

Matriculation, CBSE   2010 - 2011

SKILLS

Technical Skills	React, JavaScript, TypeScript, HTML, CSS, Java, Spring Boot, REST, MongoDB, Responsive design, Front-end frameworks.
Soft Skills	Communication, Adaptability, Problem-Solving, Teamwork, Leadership
Tools	GIT, Git Actions, Azure DevOps, Octopus, TeamCity, JIRA

EXPERIENCE

Senior Software Engineer   May 2021 - Present
Dassault Systèmes   *Pune, Maharashtra*

- Engineered a versatile and customizable full-stack application leveraging React, TypeScript, Java, and MongoDB, serving as an integration and deployment platform for internal products/services, streamlining client communication.
- Developed drag-and-drop functionality within the application, enabling users to effortlessly configure forms and pages for optimal organization.
- Implemented API using Java and Spring Boot, deployed on AWS Lambda, to facilitate lesion detection from DICOM images through machine learning algorithms.
- Spearheaded the development of a video conferencing application utilizing AWS Chime, enhancing commu- nication between patients and clinicians within our platforms.
- Evaluated project specifications and devised technology solutions to meet or surpass performance criteria.
- Conducted maintenance on existing software systems, identifying and rectifying software defects as necessary.
- Demonstrated innovation by creating proofs of concept for various solutions, contributing to the continual evolution of technological capabilities.

Web Application Developer   Feb 2019 - Apr 2021
Cognizant   *Pune, Maharashtra*

- Collaborated with the Banking and Finance application team to develop a state-specific web application using React, crucial for monitoring and managing client registration and ensuring a strong customer presence within the state.
- Led the Proof of Concept (POC) for a customized web component, effectively integrating it into the project.
- Utilized React with TypeScript, alongside Java and SQL at the backend, to implement drag-and-drop functionality for creating annual exam questionnaires in the Exam Management Project.
- Developed web apps using continuous integration, continuous delivery (CI/CD) design models.
- Planned and engineered RESTful web services to manipulate dynamic datasets.
- Integrated APIs for seamless data exchange between front-end and back-end systems.

Associate Solution Specialist   Apr 2018 - Jan 2019
PowerSchool India Pvt. Ltd   *Bengaluru, Karnataka*

- Designed and developed school registration forms using PowerSchool's Registration tool (HTML, CSS, JavaScript, React), followed by data refinement and seamless integration with the customer's database.
- Participated in regular brainstorming sessions, generating innovative ideas for product enhancements or new offerings.
- Enhanced client satisfaction by developing tailored solutions for their unique requirements.

LEADERSHIP

- Successfully led a team of five developers including three freshers, at the onset of a project, where I assumed the role of mentor and facilitator.

- Conducted internal training sessions on essential technologies to equip team members for project tasks, fostering their proficiency and confidence. Provided ongoing guidance and support to ensure smooth project execution and fostered a collaborative and productive team environment.

- Developed and distributed comprehensive documentation for configuring the development environment across teams, streamlining processes and ensuring consistency in project implementation and collaboration.
